

Project Find the Pentagon

When you find the pentagons in these pictures, draw round them. It is best with a coloured pen or pencil

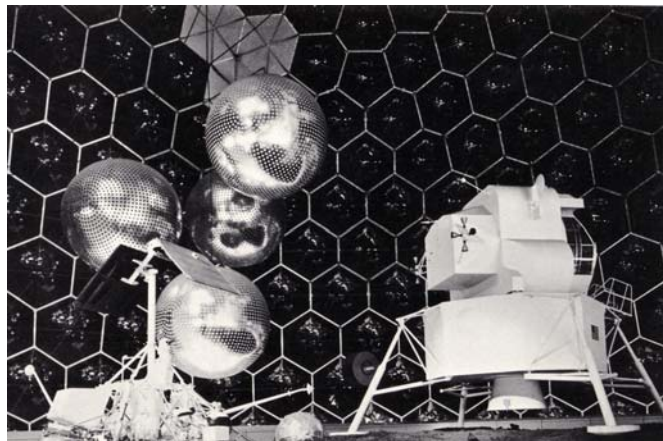

CSIRO

1 *An Australian fly's eye*

H Kroto

2 *A tortoise shell*

M Proulx Graphis

3 *View inside a Buckminster Fuller dome at the Montreal Expo in 1967 showing a model of the first lunar module*

Graphis

4 *Another view inside the Montreal Dome showing the first US re-entry space capsu*

T Tarnai

5 *The skeleton of an auolonia, a minute sea creature. It is really tiny, no more than about 1/20th mm across*
